Outline

This Code sets out the expectations and commitment required from school governors, trustees, and local governors/academy committee members for the Governing Board to properly carry out its work within the school/s and the community. It can be amended to include specific reference to the ethos of the particular school. Unless otherwise stated, 'school' includes maintained schools, academies, free schools and it applies to all levels of school governance.

This Code should be tailored to reflect your specific Governing Board and school structure, whether that is as a maintained school or academy, either as a single school or group of schools. It should be adapted as appropriate depending on the governance setting and level of delegation. **There should be an agenda item and discussion prior to approval, which should be evidenced in the full board minutes.**

All members of the Governing Board must retain their own signed individual master copy of the agreed Code; this will evidence that they have read and understood it; all board members are expected to abide by, and will be held accountable to, the agreed document.

The board may subscribe to an electronic facility which enables individual board members to electronically agree to the board's agreed Code of Conduct, e.g. via GovernorHub; if this is the case all new governors/trustees/local governors/academy committee members will need to have this explained to them by the board as part of the governance induction process, with a copy of the Code of Conduct being included for reading and signing and/or approving electronically.

This Code should be read in conjunction with the Maintained or Academy Trust Governance Guide, Terms of Reference (ToR's), relevant law and for academies their articles of association, master funding agreement, agreed scheme of delegation and Academy Trust Handbook.

Once approved by the Governing Board, this Code of Conduct will apply to all governors at maintained school level and for trust boards for all trustees, local governors, academy committee members.

Failure by any individual governor to sign the Code of Conduct will be counted as a breach of the Code.

Vision/Ethos Statement

Madginford is a forward-looking value led school. Our values support our children to be positive, ambitious and adaptable individuals with strong morals and a clear sense of responsibility. Our pupils are encouraged to respect the rights of others, to look after the world around them, to contribute, to aspire for success and to aim for excellence.

To be an excellent school - where we are uncompromising in our aspirations for our pupils through our creation of strong foundations for future success in an ever-changing world.

Children get one chance with their education and we passionately believe that their primary school education should be first class. We aim to provide a values-linked curriculum that is ambitious across all subject areas and enables our pupils to excel both academically and on a personal level.

The Governing Board has adopted the following Code of Conduct

Purpose of the Governing Board

The purpose of governance is to provide confident and strong strategic leadership which leads to robust accountability, oversight and assurance for educational and financial performance. The Governing Board is the key strategic decision-making body in the school, setting the strategic framework and ensuring it meets all its statutory duties. High quality effective and ethical governance is key to success in our school and for the future of our pupils. Ensuring the best possible outcomes is at the heart of a Governing Board's strategic role; every child has the right to reach their full potential.

The Core Strategic Functions

Ensure the vision, ethos and strategic direction of the school are clearly defined by:

- setting the vision, values, and objectives for the school
- agreeing the school improvement strategy as appropriate including its priorities and targets
- being the strategic key decision maker with decisions made in the best interest of pupils and our purpose
- delegating operational matters to leaders and governance functions to panels or monitoring pairs as appropriate
- being connected with, and answerable to, the communities we serve, particularly parents/carers
- meeting statutory duties

Ensure the headteacher performs their responsibilities for the educational performance of the school by:

- appointing the headteacher and any deputy/assistant and a Governing Board (GB)
- performance managing the headteacher in accordance with the terms of reference (ToR)
- robust holding to account for improving pupil and staff performance by asking the right questions
- workload consideration
- rigorous analysis of data
- understanding the curriculum offer, its intent, implementation, and impact
- monitoring and evaluating progress towards targets
- contributing to school self-evaluation

Ensure proper and effective use of the school's financial resources, in accordance with the Terms of Reference by:

- ensuring financial probity
- ensuring financial compliance
- setting the budget
- monitoring spending against the budget
- ensuring value for money is obtained, with the money being well spent
- ensuring risks to the organisation are managed

Collectively as a board we agree the following:

- **Organisational purpose** - our board is clear about the purposes of the school and ensures these are being delivered effectively and sustainably.
- **Leadership** - our school is headed by an effective Governing Board that provides strategic leadership in line with the school strategic aims, values and culture and a commitment to fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance for those of different faiths and beliefs.

- Our maintained board bases its effectiveness on the six key features of effective governance: **strategic leadership, accountability; people** with the right skills, experience, qualities and capacity; structures that reinforce clearly defined roles and responsibilities; compliance with statutory and contractual requirement; and evaluation to monitor and improve the quality and impact of governance.
- Our trust board bases its effectiveness on the academy features of Trust Board effectiveness: The features of Trust Board effectiveness are **culture & engagement, strategy, non-executive leadership, accountability, executive leadership and compliance.**
- **Integrity** - our board acts with integrity, adopting values and creating a culture which helps achieve the school's purpose. Our board is aware of the importance of the public and stakeholder confidence in our school and governors undertake their duties, accordingly, abiding by the Framework for Ethical Leadership in Education including the Seven Principles of Public Life (see Appendix 1) including avoiding placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. Before acting and taking decisions, governors must declare and resolve openly **any actual or perceived conflict of interest and relationships**, with our board, managing any risk appropriately.
- **Decision making, risk and control** - our board makes sure that its decision-making processes follow our required statutory procedures, which act solely in the interest of pupils, are informed, timely, impartial and fair, using the best evidence and without discrimination or bias, and that effective delegation, control and risk assessment, and appropriate management systems are set up and monitored. Our board assesses the risks attached to safeguard and promote pupils' welfare by abiding and role modelling the school's culture to encourage pupils to respect other people with particular regard to the protected characteristics set out in the Equality Act 2010.
- **Board effectiveness** - our board works as an effective collective team, using the appropriate balance of skills, experience, backgrounds and knowledge to make informed decisions.
- **Diversity** - our board's approach to diversity supports its effectiveness, leadership and provides sufficient diversity of perspectives to enable robust decision making.
- **Openness and accountability** - our board leads the school in being transparent and accountable. Our board and school are open in its working, particularly to ensure transparency of decision-making.

Framework for Ethical Leadership in Education

SELFLESSNESS | School and college leaders should act solely in the interest of children and young people.

INTEGRITY | School and college leaders must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. Before acting and taking decisions, they must declare and resolve openly any perceived conflict of interest and relationships.

OBJECTIVITY | School and college leaders must act and take decisions impartially and fairly, using the best evidence and without discrimination or bias. Leaders should be dispassionate, exercising judgement and analysis for the good of children and young people.

ACCOUNTABILITY | School and college leaders are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

OPENNESS | School and college leaders should expect to act and take decisions in an open and transparent manner. Information should not be withheld from scrutiny unless there are clear and lawful reasons for so doing.

HONESTY | School and college leaders should be truthful.

LEADERSHIP | School and college leaders should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles, and be willing to challenge poor behaviour wherever it occurs. Leaders include both those who are paid to lead schools and colleges and those who volunteer to govern them.

Schools and colleges serve children and young people and help them grow into fulfilled and valued citizens. As role models for the young, how we behave as leaders is as important as what we do.

Leaders should show leadership through the following personal characteristics or virtues:

TRUST | leaders are trustworthy and reliable

We hold trust on behalf of children and should be beyond reproach. We are honest about our motivations.

WISDOM | leaders use experience, knowledge and insight

We demonstrate moderation and self-awareness. We act calmly and rationally. We serve our schools and colleges with propriety and good sense.

KINDNESS | leaders demonstrate respect, generosity of spirit, understanding and good temper

We give difficult messages humanely where conflict is unavoidable.

JUSTICE | leaders are fair and work for the good of all children

We seek to enable all young people to lead useful, happy and fulfilling lives.

SERVICE | leaders are conscientious and dutiful

We demonstrate humility and self-control, supporting the structures, conventions and rules which safeguard quality. Our actions protect high-quality education.

COURAGE | leaders work courageously in the best interests of children and young people

We protect their safety and their right to a broad, effective and creative education. We hold one another to account courageously.

OPTIMISM | leaders are positive and encouraging

Despite difficulties and pressures, we are developing excellent education to change the world for the better.
